

Replacement *Kits*

POCKET BELLOWS PUMPS

Bellows Module Kits

Proper selection of bellows module and poppet valve replacement kits depends on the X-code of the model number and not on the pump type (ie. single, tandem).

Materials	Bellows Size			
	½"	¾"	1"	1½"
EPT/EPDM	02501-702	02501-705	02501-708	02501-711
Hypalon®	02501-704	02501-707	02501-710	02501-713
Viton®/ Fluoroelastomer	02501-703	02501-706	02501-709	02501-712

POCKET BELLOWS PUMPS - REPLACEMENT KITS

Poppet Valve and O-Ring Kits

The standard elastomers for the poppet valves and O-rings are EPT/EPDM, Hypalon® and Viton®/Fluoroelastomer. These elastomers have historically been able to handle the vast majority of the applications in which we've been involved. However, Butyl, Hydrin, Kel-F®, Silicone and Nitrile can be supplied for chemicals requiring such materials.

1/2" and 3/4" Poppet Kit

1" and 1 1/2" Poppet Kit

Materials	1/2" Bellows	3/4" Bellows	1" Bellows	1 1/2" Bellows
EPT/EPDM	02500-318 (X-002)	02500-318 (X-002)	02500-605 (X-112)	02500-605 (X-112)
Hypalon®	02500-316 (X-005)	02500-316 (X-005)	02500-608 (X-115)	02500-608 (X-115)
Viton®/Fluoroelastomer	02500-317 (X-006)	02500-317 (X-006)	02500-609 (X-116)	02500-609 (X-116)

Duckbill Valve and O-Ring Kits

Duckbill valves are required in those applications where heavy slurries or fibrous materials are being pumped. Heavy slurries should be flushed from the bellows before the pump is shut down. The standard elastomers are EPT/EPDM, Hypalon, and Viton®/Fluoroelastomer. However, Butyl, Hydrin, Kel-F®, Silicone and Nitrile can be supplied.

1/2" and 3/4" Bellows Kit

1" and 1 1/2" Bellows Kit

(Valve extension required only on suction port.)

Materials	1/2" Bellows	3/4" Bellows	1" Bellows	1 1/2" Bellows
EPT/EPDM	02500-597 (X-092)	02500-597 (X-092)	02500-322 (X-032)	02500-322 (X-032)
Hypalon®	02500-600 (X-095)	02500-600 (X-095)	02500-325 (X-035)	02500-325 (X-035)
Viton®/Fluoroelastomer	02500-601 (X-096)	02500-601 (X-096)	02500-319 (X-036)	02500-319 (X-036)

Tubing Connector Kits

Connectors are made from polypropylene and are designed for use with soft vinyl and similar tubing.

T-Code	Kit Part Number
T-001	02500-312
T-002	02500-635
T-003	02500-352
T-004	02500-353
T-005	02500-258

T-Code	Kit Part Number
T-006	02500-259
T-007	02500-260
T-008	02500-261
T-009	02500-354

T-Code	Kit Part Number
T-011	02501-337
T-012	02501-246
T-013	02501-541
T-014	02501-673

Note: Kit includes two connector nuts and connectors.
